LODGE AMENITIES

Our lodge amenities include relaxing at the river view pavilion in the hammocks, playing board games with friends, or reading a good book, perhaps from our small lodge library.

Want to enjoy the natural spa effects of lovely waterfalls and soaking pools close to the lodge? We've got that, too!

Hammocks & Yoga Mats

Hammocks are available throughout common areas and private areas near rooms. Yoga mats are available for your practice or simply stretching.

Take advantage of various board games and multilingual books at our lodge library, from fiction to Spanish phrase books and Costa Rica naturalist guide books.

Waterfalls & Swimming Holes

Rios Lodge is located right on the banks of the Pacuare River, at the base of a steep canyon. As a result, there are abundant waterfalls from the canyon ridge that tumble down to the river. Several of these have fantastic swimming holes and places to sit under the waterfall for a natural spa effect.

There are two waterfall pools close to the lodge that guests love to hang out in. These are the suspension bridge swimming hole and the Matsu Creek waterfall and swimming hole right off the river view pavilion. Got little ones? They love it too!

Birdwatching

You don't have to be an experienced birdwatcher to revel in the birds of the Pacuare rainforest! Bring your binoculars and hang out on any of the decks and pavilions to watch the many species in our tropical playground.

The toucans are abundant and easiest to spot. Take advantage of Costa Rica Bird Books in our lodge library, too!

Lodge Hikes

Guests at the lodge have access to daily short hikes with Rios Lodge guides to various waterfalls and swimming holes close by the lodge.

These short hikes are available daily and are scheduled for that day per the interests of guests. These lodge hikes are different from the longer Conservation and Naturalist Hikes.
